- ◆ *Program Management*

As a small women owned business, **Gemini Consulting, LLC** brings extensive program integrity knowledge and subject matter expertise that's been proven to strengthen and expand government healthcare programs, while preserving critical agency funding. Our team brings over 50 years of combined experience as Sr. Government Auditors, consulting firm executives, Compliance Officers, Certified Public Accountants, and Certified Fraud Experts. We understand government programs and challenges from the inside out. **Gemini Consulting, LLC** aligns knowledge and experience to deliver innovative and cost effective program integrity solutions, across a wide variety of public healthcare agency programs. Collectively, we have been responsible for supporting over \$100M in state and federal funding for fraud, waste and abuse prevention. We offer a unique mix of people and services that are flexible to meet each agency's business needs and objectives in public healthcare delivery.

WHAT SETS US APART

Government Program Experts

We understand program integrity complexities from the inside out.

Problem Solvers

We identify patterns and trends in data, behavior, and system controls and devise solutions that correct root causes rather than superficial issues.

Intellectual Collaborators

We thrive on connecting with others through collaboration, information exchange, and exploration of new ideas.

Versatile and Adaptable

We are constantly evolving, improving and refining the way we do business.

✦ **JENNIFER TRYDER**
PRESIDENT & CO-FOUNDER

With over 20 years of experience in government healthcare compliance and program management, Jennifer has established herself as a trusted leader in the industry. She has collaborated extensively with government stakeholders, driving the development of high-performing teams and business solutions that strengthen program controls and generate positive outcomes. Her expertise spans public healthcare policy, compliance testing and monitoring, audit, risk assessment, program evaluation, grants management, and program oversight. Jennifer is passionate about creating innovative teams and solutions that foster the preservation and growth of public health programs. Her career includes leadership positions at large healthcare consulting firms, where she managed complex projects within the Department of Health & Human Services. Jennifer holds certifications as a Registered Health Information Administrator (RHIA) and Certified Healthcare Compliance (CHC) professional.

✦ **LYNNE TOCCI**
VICE PRESIDENT & CO-FOUNDER

With over 20 years of experience in government auditing, Lynne brings a wealth of expertise in financial audits, compliance assessments, risk management, and organizational effectiveness. Throughout her career, she has demonstrated a consistent track record of leading and executing complex audit projects, managing cross-functional teams, and providing in-depth training to build auditing capabilities within organizations. Her focus has always been on delivering actionable insights that enhance financial integrity, accountability, and operational performance in the public sector. Lynne's approach to government auditing is rooted in integrity, attention to detail, and a commitment to transparency. Lynne is dedicated to delivering comprehensive and precise audit outcomes that not only comply with standards but also contribute to improving the public trust in government operations. Lynne is a Certified Public Accountant (CPA) and a Certified Fraud Examiner (CFE).

Gemini Consulting, LLC encompasses duality, communication, intellectual curiosity, and adaptability. It reflects the ability to balance contrasting elements and thrive in changeable or dynamic environments.
